N. P. H. S. Alumni Association.

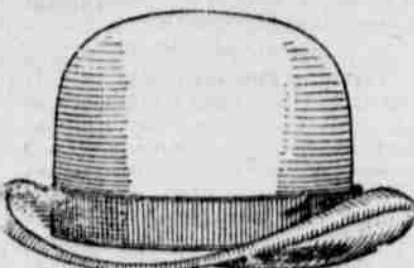

The annual meeting of the North Platte high school alumni association was held at the county superintendent's office Saturday night. The treasurer's report showed a balance on hand of \$6.90. This is the first time in the history of the association that the treasurer has been able to report a balance on hand. Chas. Hendy, jr., was elected president and Miss Nellie Hartman vice-president for the ensuing year. Miss Ida Von Goetz was re-elected treasurer and Miss Mabel Goozee secretary. The association decided to tender the class of 1900 a banquet but postponed the discussion of the details until Saturday evening, April 14th, when an adjourned meeting will be held at the county superintendent's office.

Erickson-Johnson Wedding.

Mr. Fred Erickson and Miss Annie Johnson were married at Cottonwood precinct yesterday noon by Rev. H. A. Wolfe. About sixty guests were present. The wedding was a very pretty one. The bride's gown was a dainty creation of gray and pink. She was attended by the groom's sister Miss Tina Erickson, who was also gowned in gray. The groom was attended by Mr. Will Bloom. A very elaborate wedding dinner was served after the ceremony. The bride's home is at Maxwell but she has lived in North Platte for several years and has gained hosts of friends here by her many excellent qualities. The groom is one of Lincoln county's most energetic and popular young farmers. The TRIBUNE extends its hearty congratulations to the happy couple.

Track Laying Machine.

The World-Herald says that at the Union Pacific shops in Omaha a force of carpenters, blacksmiths and machinists is at work building a Roberts steam track layer which with a force of sixty men is expected to lay a mile and a half of track per day. The equipment of the train with which this car will be operated is as follows: a pioneer car, eight tie cars, an engine and then three rail cars. The pioneer car is a thirty-three-foot flat car upon which is mounted an engine operated by steam and a derrick. On the right side of the train connecting all of the cars ahead of the engine is a tramway which extends fifty feet in front of the pioneer car and is held in place by the derrick. The ties are placed on this tramway and distributed fifty feet ahead of the car. On the left side is a similar tramway which handles the rails but it only extends five feet over the pioneer car. With a crew of sixty men to spike the track it is claimed that a mile and a half can be laid in a day. The device will be sent to Wyoming as soon as completed to be used in track laying operations there.

Star Clothing House.

The attorney employed by the Fremont board of education has submitted an opinion that the school bonds voted there several months ago are illegal. One of the reasons which he gives is that the petition asking for the election was signed by less than one-third of the legal voters. His opinion practically concedes all of the points in the petition which the citizens have filed for an injunction to restrain the school board from building a new school building. The board now will not attempt to fight the injunction.

BETWEEN THE RIVERS.

A republican primary for Nichols precinct to elect four delegates to the county convention at North Platte April 21st, and also nominate a precinct ticket will be held in the school house at Hershey on Saturday evening, April 14th, at eight o'clock sharp. All republicans are urged to attend.

As train No. 20 was annulled last Thursday, J. C. Gyner, of Julesburg, did not meet with the citizens of Nichols and vicinity to discuss the cream separator project as was expected. The meeting was postponed until next Thursday evening, when Mr. Gyner will be present.

Frank Cook is at this time entertaining a brother from the far east.

The canal company has lately torn down its old potato cave at Hershey, leveled the ground and will plant the space to sugar beets.

Mr. and Mrs. J. H. Hershey came up from North Platte Sunday evening.

Sunday was "bicycle day" at Hershey.

Early sown spring wheat as well as fall grain looks fresh and green in the valley at the present time.

J. B. Toulion, Jr., has about recovered from his late illness and is able to engage in light work on his farm.

W. H. Hill, the lumber and hardware dealer at Hershey, is making arrangements to erect an addition on the west side of his residence in the near future.

The Kearney Presbytery convenes at Lexington today.

The work of overhauling Kearney's old electric light plant was commenced this week. An entire new system will be installed for street and incandescent lighting. The company will ask the city for a five year contract for street lights.

"Si Perkins."

"Si Perkins," the celebrated rural drama, is billed to appear at Lloyd's opera house next Saturday evening. Judging from the flattering notices which the company has received from the press in the cities which "Si" has visited, the prospect for fun on the above date is good. Like all plays of the "Rube" order, "Si Perkins" possesses a large budget of good, wholesome fun; the Yankee wit is so woven into the dramatic lines that the auditor is one minute laughing with honest-hearted "Si," and the next his eyes are brimming over with sympathetic tears. No class of dramatic productions appeal so strongly to the heart as those of the rural order. Every American is familiar with the Yankee nature. Shrewd, witty and honest, he possesses a charm of personality which is particularly attractive; and when upon the mimic stage we can see his prototype, 'tis little wonder that such pieces as "Si Perkins" receive a liberal patronage from American playgoers. The present company have for some seven seasons presented the play, and it goes without saying a perfect portrayal will be witnessed.

Mrs. Grover Cleveland last week disposed of a couple of hundred acres of land which she owned in Dawson county.
